

**MP 9.9 40' Through Plate Girder Timber Deck**

**Mile 8.9 Trail MP 7.9 Over Montour Run at Enlow – west of 5-Points**

Along Main Street between California Hollow Road & West Allegheny Road

Builder's Plate: American Bridge Company of New York U.S.A. 1911

Looking south from Main Street – Builder's Plate on right end of bridge can be seen just above bushes.

2010 photos Bryan Seip

Builder's Plate: American Bridge Company of New York U.S.A. 1911

Looking south from Main Street at opposite end of bridge. Railings and fencing installed during conversion to Trail use.

Westbound train approaches 5-Points crossing. Locomotives have just cleared this bridge, which is beside the road bridge seen behind the automobile.

Gene P. Schaeffer photo

Same view of intersection in 2010. Bridge can be seen behind 2<sup>nd</sup> automobile, to left of roadway bridge.

Satellite view shows this bridge to left of 5-Points intersection, at tree line near California Hollow Road intersection.
